Syed Amir Ali

Product Development Engineer @ HBL | React Native Specialist |
Legacy App Optimization | Cost-Saving Mobile Solutions | ReactJS
| NodeJS | Full Stack Developer | Javascript | .Net | C# | finTech |
Speaker | Instructor

Karachi Division, Sindh, Pakistan

Summary

I'm a React Native Specialist & Full Stack Engineer focused on rescuing and modernizing legacy mobile apps. Instead of costly rewrites, I upgrade, stabilize, and optimize existing codebases—helping companies save hundreds of thousands in rebuild costs.

Recent Legacy Code Optimization Work

Streamline Live → Upgraded from RN 0.64 → 0.73 in (1 week)

Look Who's Outdoor → Migrated RN 0.63 → 0.73 in (3 weeks)

eTijwaal (iOS & Android) → Modernized from RN 0.71 → 0.81 (1 week)

Habib Bank Ltd. (HBL) → Upgraded 5 international apps (UAE, Sri Lanka, Bahrain, Bangladesh, Maldives) from RN 0.63 → 0.81 (4 weeks)

I specialize in:

- 1) Legacy React Native migrations (0.5x → latest)
- 2) Performance tuning & crash recovery
- 3) Dependency modernization & security compliance
- 4) Test coverage improvements for long-term stability

When others say “rebuild”, I find a way to rescue.

Experience

HBL - Habib Bank Limited

Product Development Engineer (Manager II)

February 2024 - Present (2 years)

Karachi Division, Sindh, Pakistan

I'm currently working in HBL's international department, HBL's international department showcases its global reach through a diverse portfolio of mobile apps, catering to the specific banking needs of customers in the UAE, Maldives, Bangladesh, Sri Lanka, and Bahrain. Each app is designed to provide a tailored and convenient banking experience for the local market it serves.

eTijwaal

Senior Software Engineer

October 2022 - Present (3 years 4 months)

Karachi Division, Sindh, Pakistan

I am currently maintaining eTijwaal, an eSIM mobile application with 10,000+ downloads on both the Google Play Store and Apple App Store.

My role involves daily development tasks, optimizing app performance, and keeping the application up to date with the latest technologies and features.
